MANY JAILED FOR FRAUD IN TAX RETURNS

WASHINGTON.—(By Associated Press.)—Approximately twenty million dollars was added to the government's revenues during the fiscal year just ended thru recoveries from false and fraudulent income tax returns, Commissioner Blair announced today.

Indictments have been returned during the year in every section of the country, he said, and many jail sentences have been imposed, ranging from sixty days to a year, in addition to the fines and penalties, which were also assessed.

"Fraud upon the revenue by the way of filing false and fraudulent tax returns appears in many unique ways," Mr. Blair said. "Some taxpayers are extremely crude in their methods, and reduce their taxes by merely omitting large items of income from their returns.

"Manipulations of inventory are not infrequently found, and these canals have been checked accurately by the field examiners of the bureau, as no business of any size can keep accurate books and at the same time manipulate inventories. Some taxpayers, evidently are of the belief that they can hire unscrupulous ac-

countants who reconstruct their books, and then if the fraud is discovered blame it all on the accountants, to whom they usually pay large fees."

LEGION WILL KEEP UP BONUS FIGHT

CHICAGO.—(By Associated Press.)—The fight of the American Legion for the soldiers' bonus will be continued with renewed vigor, declared Major John G. Emery, of Grand Rapids, Mich., national commander of the legion, in commenting today on the sidetracking of the bonus bill in the senate.

"We consider President Harding all wrong in his attitude," he said. "Why, the senate finance committee in its report declared untrue the claims that the Sweet bill and the adjusted compensation program would bankrupt the treasury."

Major Emery asserted that the legion has a well defined program to fight for the bonus and this will not be modified.

"There was at first considerable opposition in the legion itself to this program, but this has now subsided," he said. "Wherever it existed it was on the part of men well off financially. We have now induced these men to devote their shares in the compensation to the men who need it. There are now several millionaires among the strongest supporters the program has."

4 MILLION ROAD CONTRACT WILL BE LET NEXT WEEK

COLUMBUS, O.—One of the biggest road lettings in many months will be held by the state highway department next Friday. A total of 112.99 miles of highway work, costing, according to estimates, \$4,035,732.69, will be involved in the letting. This is the first letting since May 27. Two have been postponed by Director of Highways Herrick in the hope that freight rates would come down.

Eighty-seven of the 112 and a fraction miles, for which contracts are to be received, is new construction, and 26 miles is maintenance and repair. The unit cost per mile of the new construction is \$39,854, according to estimates. The repair work will cost on an average of \$2,479 a mile. The unit cost of new construction is the lowest since before the war, Herrick said.

The longest and one of the most important projects in the letting is Section B, of the Springfield-James-town pike in Greene-co. This co,

THUGS LOCK CASHIER IN, TAKE \$5,000

GREEN BAY, Wis.—(By Associated Press.)—Three bandits robbed the state bank of Wabeno yesterday afternoon, escaping with five thousand dollars and twenty-two thousand dollars in Liberty bonds, according to a telephone message received here today. The bandits, it was said, locked Cashier Roswell Richardson and Assistant Cashier Myrtle Gratton in the bank vault. They were rescued half an hour later by occupants of an office on the floor above the bank.

YOUNG FISH FOR LIMA LAKE

ST. MARYS.—(Special.)—Young fish from the St. Marys fish hatchery have been allotted to Lake St. Marys, the Loramie reservoir, the Auglaize river and the Lima water works reservoir, it has been announced here. The transfer of the fish is scheduled to be made the first of the week, under the supervision of John Widener, St. superintendent.

Lieutenant Harold Kraus killed a large blacksnake here Friday on the river bank. The snake was first sighted in the water. It had a fish held crosswise in its mouth.

10,000 CUT FROM ROLL OF G. A. R.

INDIANAPOLIS, Ind.—(By Associated Press.)—When the Grand Army of the Republic holds its annual reunion this year, more than 10,000 of the Civil War veterans who attended the encampment of 1920 will be counted among the missing as the ranks have been depleted to this extent thru the last year.

The total membership of the G. A. R. today is 93,155 while its membership in 1920 was 103,258.

OHIO LARGEST
The total membership is scattered among 4,445 posts in every state. Ohio, with 10,241, has the largest membership, with Pennsylvania second with 9,122; New York, third, 8,795; Illinois fourth, 6,868; Indiana, fifth, 5,949; Massachusetts sixth, 5,356. No other states have 5,000 or more members.

Property owned by all posts is valued at \$2,075,027, including real estate worth \$802,841.

Members in the old confederate states total approximately 2,200.

The G. A. R. was organized in Illinois in the spring of 1866. Who its originators were is a matter of tradition rather than record, says the report made to the national encampment in 1869 by N. P. Chipman, then adjutant general of the national organization.

"There can be no doubt that the late Colonel B. F. Stephenson, of Decatur, Ill., was one of the prime movers," says Chipman's report. "Being recognized as such, he organized the first post at Dakota, Ill."

By July, 1866, there were 40 posts in Illinois, representatives of which met in convention and organized the state department. Stephenson was by common consent the provisional commander-in-chief, and posts were organized in other states, resulting in the first national encampment being held at Indianapolis, Nov. 20, 1866. After the Indianapolis convention, Chipman records that "posts seem to have sprung up as if by magic in all parts of the North," but he adds there was no record of progress. Ten states were represented at the Indianapolis encampment, 21 states in 1867; 24 in 1868; 37 in 1869, having 2,050 posts.

Election of officers and the selection of West Milton, Ohio, for the golden reunion was the last business act of the 49th annual reunion of the 71st Ohio Civil War Volunteers, held here.

Rev. Euos Pemberton, of West Milton, was elected president; Mrs. Brandon West Milton, vice president; George E. Lee, Piquette, secretary and treasurer.

The golden reunion, the fiftieth anniversary meeting, will be held in West Milton, beginning the second Thursday in September of 1922.

Mrs. Jane Criten, 72, widow of the late Jacob Criten, Civil war veteran, died here Friday. Death was sudden. Mrs. Criten was affiliated with the Episcopal church and with the Woman's Relief corps.

15,000 DOCTORS PRACTICING IN SUNSHINE STATE

SACRAMENTO — California, known thruout the world as the land of sunshine and healthful climatic conditions, has a practicing physician of one type or another for every 200 inhabitants.

This was revealed by members of the State Board of Medical Examiners here when they undertook the task of checking up on members of their profession.

The medicos say that the great number of doctors and medical attendants here do not actually constitute a reflection on California's climate, however, as many of these disciples of medicine are finding it difficult to secure enough patients to eke out a living.

There are more than 14,114 licensed physicians and surgeons in the state, 1,212 osteopaths, 103 naturopaths, 214 druggless practitioners, 26 reciprocal druggless practitioners, 232 chiropractors, 1 reciprocal chiropractor and 127 midwives. The aggregate total is 16,028.

PARTY LINES SMASHED IN TARIFF VOTE

WASHINGTON.—(By Associated Press.)—Action on the first contested section of the Fordney tariff bill having resulted in the removal of hidden from the free list and the imposition of a fifteen per cent ad valorem duty, the house was ready to take up an amendment for elimination of the dye control and embargo provisions of the bill. The dye stuffs schedule is the second on the list of five open to amendment from the floor under the special rule under which the bill is being considered, the others being cotton, oil and asphalt.

Many breaks from straight party lines marked the vote in the house yesterday, 152 to 97, to remove hides from the free list, eight Republican members of the ways and means committee, which framed the bill, being recorded on the losing side, while Representative Garner of Texas, ranking Democrat on the committee and leading the fight against the bill, joined with Republicans voting for the tariff.

Following the vote, taken after four hours debate, the house practically ended the hope of Democrats for a chance to vote on amendments generally by forcing adjournment over the Democratic demand that the bill be read for that purpose. While another vote on the hides amendment will be demanded when a final vote is taken on the bill Thursday, action yesterday having been in committee of the whole, opponents said there was little hope of defeating it then.

BODY OF MISS M'CRATE BURIED IN GETHEMANI

ULSTER CABINET CALLED TO LONDON CONFERENCE

LONDON.—(By Associated Press.)—Resumption of the conference between Prime Minister Lloyd George and Eamon De Valera, Irish republican leader, was not planned for today, it having been announced that their next meeting would occur on Monday. Discussions they would have with their advisors during the day, however, might, it was believed, have an important bearing on the future progress of the conversations begun on Thursday and continued yesterday.

It would appear that the discussions between Lloyd George and Mr. De Valera have developed the subject of a future tri-partite con-

MUST SERVE REMAINDER OF LIFE IN PRISON

CLEVELAND — (By Associated Press.)—Mrs. Eva Catherine Kaber was today found guilty of murder in the first degree, but with a recommendation for mercy, by the jury which tried her on a charge of plotting the killing of her husband, Daniel F. Kaber. Under the verdict, Mrs. Kaber must serve the remainder of her life in prison.

The jury had not yet reported officially to the court, Judge Maurice Bernon announced the decision to Attorney Francis W. Poulson, Mrs. Kaber's personal counsel, so that he might inform Mrs. Kaber, in hope that she would revive sufficiently from a stupor to be brought in to court to hear the official announcement. She had been in a stupor all morning.

NO HOPE FOR PARDON
Mrs. Kaber will be sentenced to life imprisonment in the Ohio reformatory for women at Marysville. Under the Ohio law there is no hope for pardon under such a verdict.

Mrs. Kaber is the first woman in Cuyahoga-co to be convicted of first degree murder.

William J. Corrigan, Mrs. Kaber's counsel, said he was well satisfied with the verdict. The same expression was made by County Prosecutor Edward C. Stanton.

Mrs. Kaber was said by her attorneys to have been practically unconscious last night while the jury was trying to reach a verdict. She had been carried from the court room

and had not eaten during the day.

SLEIN TWO YEARS AGO

By a singular coincidence, the jury began balloting just two years—the third Friday in July—from the time when Mrs. Kaber was stabbed to death by assassins alleged to have been hired by Mrs. Kaber.

The Mrs. Kaber was suspected of being implicated in her husband's death at the time, insufficient evidence was found then by officials on which to formally charge her with the crime. For two years, Moses Kaber, the aged father of the murdered man, doggedly kept working on the mystery with the aid of private detectives, suspicion pointing stronger and stronger toward Mrs. Kaber.

Finally, a brother of Mrs. Kaber was brought in as a ruse, and her mother, Mrs. Mary Brickel, who was suspected of knowing much about the murder, was led to believe that the son was to be charged with the crime. The ruse worked as it had been planned. Mrs. Brickel to save the son, is alleged to have confessed, implicating her daughter, Mrs. Kaber; Miss Marian McArdle, daughter of Mrs. Kaber; herself and others.

Events then followed fast. The grandmother, daughter and granddaughter were indicted for first degree murder, also Mrs. Eramina Colavito, midwife-nurse, Salvatore Cuta and Vittorio Pisselli, the latter two being charged with the actual murder.

All are awaiting trial excepting Pisselli, who has not been apprehended. Mrs. Kaber was the first to be placed on trial.

SIX GERMAN SHIPS SUNK BY U. S. GUNS

NORFOLK, Va.—(By Associated Press.)—Six former enemy warcraft now have found a last resting place on the floor of the Atlantic 75 miles off the Virginia capes. They will be joined next week by the light cruiser Frankfort and dreadnought Ostfriesland, the last of the German ships turned over to the United States for experimental purposes.

Destroyers and battleships of the Atlantic fleet sent down yesterday with shell fire two destroyers, the V-43 and S-132, in operations which consumed much of the entire day. Naval and army aircraft will undertake to destroy the Frankfort Monday and the Ostfriesland Wednesday. Should they fail, destroyers will shell the Frankfort and the Ostfriesland will fall a target to the 14-inch guns of the super-dreadnought Pennsylvania, flagship of the Atlantic fleet.

The charter for the organization here of a second class council of the Boy Scouts of America was received by Judge Richard E. Boesel, president of the scout council. The officers will meet Monday for the purpose of outlining a program.

H. O. Dickey, a former player with the Lima Independents, was secured to play second base for the Wapakoneta Reds, taking the place of Cass Kohler, who broke his arm a week ago.

G. D. Swartz, manager of the Auglaize Livestock Co., received 125 sacks with which to handle 20,000 pounds of wool for the state wool association. The price is 18c a pound here.

The local chautauqua will open on the Gibbs lots Tuesday. Disposal of tickets guaranteed at the conclusion of last year's chautauqua is under way.

After 30 years of married life, Mrs. Ananda Young has brought suit here for divorce from John M. Young, charging gross neglect of duty. They have six children.

HAND MANGLED BY DYNAMITE CAP

WAPAKONETA. — (Special.) — Paul Bush, 13, son of Charles Bush, a mail carrier here, had the index finger and thumb of his right hand blown off Friday when a dynamite cap exploded. The lad found the cartridge several weeks ago in a gravel pit and had been carrying it about with him, using it as a whistle. While visiting at Guttman the cap became clogged with dirt. In the act of cleaning it out with a wire the deadly thing exploded. So badly were the members lacerated that amputation was necessary.

Young Bush's breast and his face were also painfully injured.

Nehemiah Sprague, 71, a well-known resident of the Two Mile district four miles north of here, died Friday as the result of paralysis. He leaves two children, Herman of Detroit and Lola at the parental home. Funeral services Sunday from the home. Interment in Greenlawn cemetery here.

PARIS LAUNDRIES ARE "PUNK"

Yank Tourists Have Hard Time In France

MUST WEAR SOFT COLLARS

Only Kind That Can Be Cleaned Often

(By NEWTON C. PARKE)

PARIS — (International News Service) — Some day, after France has settled all her foreign troubles and turned attention to domestic affairs, a Government is going into power on a pledge to swat the French laundries, and if it makes good it will last forever.

A few days after he hits France and begins traveling the provincial towns, the average American turns all his wrath on the absence of bath tubs and comfortable barber chairs. After he has saved 90 per cent of his profit for the laundries.

The million Americans who came over to fight the great war and found themselves quartered in villages behind the front thought the small-town "laundry" ridiculous, and the worst ever. It was a very simple affair, indeed. The "blanchisseuse" took father's best shirt down to the edge of the nearest creek or river, laid it out on a flat stone, soaped it and then beat it to death with a heavy scrub brush.

But the shirt generally came out clean, if it escaped alive, and mother only had to sew on the missing buttons to make it ready for Sunday wear. All that is entirely different in Paris and other big towns, which not only boast regular "laundries," but others which flaunt the sign "American Laundry—work done in forty-eight hours."

Some people profess to see a great difference between the regular French laundries and the dozens of "American" laundries scattered about Paris. They say the so-called American institutions are much worse. Regular resident Americans, who see their striped shirts come back minus the stripes, their best silk shirts come back in silk ribbons and their underwear (male) replaced by unmistakably female things, with ribbons, think their is no difference at all.

"Damn them!" says one Paris "American." "I wouldn't care how they brought it but I'd get my own stuff. Here I've got a couple of collars with Moroccan trademarks on them, and other one that says it was bought in French Indo-China, and I've never been there, I wear a fifteen collar, and they send me back number seventeen shirts, and I have to keep them and wait until a fat friend of mine out in Paris got a number fifteen back in his laundry. Then we swap."

The crime of the laundries has had one noticeable effect on French civilization, as reflected in man's wearing apparel. Eighty per cent of all Frenchmen wear soft collars, not necessarily because they like them or because it is hot in France. They wear them because a stiff collar hasn't a chance for life when it encounters a French laundry, whereas a soft collar lasts three or four trips. The man who will invent a nice, comfortable steel collar, warranted to resist all the hating attacks of the French laundry hands, is in for a fortune.

MAY NOT APPOINT TEMPORARY JUDGE

It is possible that Mayor Burkhardt will not appoint a judge to sit on police court bench while Judge Emmett Jackson is away on his vacation. The mayor made this announcement Saturday. Judge Jackson leaves for Danville Sunday. He will spend a week in the Boy Scouts camp near that city.

In event anything important arises Chief of Police Roush has been instructed to take the case before one of the justice courts here. Speeders, and other cases which can be held over, will await the judge's return.

BODIES OF HEROES ARRIVE FOR BURIAL

SPENCERVILLE — (Special) — The bodies of two world war heroes whose late homes were in Spencerville, have arrived in New York City from France and will be sent here for burial, according to word received.

The names of the dead soldiers are Ira Goodwin and Elmer Parrot. The bodies will be accompanied by a local undertaking establishment and will be turned over to relatives for funeral arrangements. Plans are under way in Spencerville for a double military funeral for the two men.

TRIAL OF BOEDICKER CASE DELAYED A WEEK

The case of John Boedicker, Celina, accused of selling a mortgaged automobile, will come up in police court, Monday, July 25, according to Judge Jackson. Boedicker was released Saturday under a \$500 bond. It was impossible to bring the case to trial before Judge Jackson started on his vacation. Consequently, it was decided to hold it over until the judge's return. Judge Jackson is expected to return next Saturday.

DOWNTOWN SEWER CASE IS UNDER ADVISEMENT

Following the hearing of the case of C. L. Downhour, 35, of 135 Kildare-ave, in police court, late Friday afternoon, Judge Jackson announced he would take the case under advisement. Downhour was accused of digging a sewer in N. Union-st without a permit from the service department. Charges were preferred against him by R. A. Mori, who avers Downhour disconnected a drain from a main drain mutually installed.

NEWSPAPER MAN TO BE GOVERNOR OF HAWAIIAN ISLANDS

Wallace R. Farrington, publisher of the Honolulu Star-Bulletin, has been chosen governor of Hawaii to succeed Charles J. McCarthy, the present Democratic incumbent. Farrington, who is a native of Maine, has lived in Honolulu for nearly thirty years and was one of the organizers of the Republican party in the islands when they were annexed to the U. S. in 1898.

N. Y. SUN REVIEW

NEW YORK — The New York Sun's financial review Saturday said:

Today's brief stock exchange session was easily the most uninteresting of the year. There was scarcely any movement to prices and the stock tickers were idle for minutes at a time. Under the circumstances, it was difficult to assign a definite trend to prices. Attendance in commission houses was light, many important traders being out of town for the week-end. The steel shares were lagging, but the pressure which was applied against them yesterday, was not in evidence. Fractional rallies occurred in Mexican Petroleum, Studebaker, Famous Players, American Smelters and others of the more active issues. Railroad stocks were practically stationary.

Lower quotations were made in the foreign exchange market, but changes were trifling.

KOREAN RIOTING ALARMS JAPS

Government Concerned Over New "Protection"

MANY POLICEMEN KILLED

Troubles Started At Decision of Colonial Conference

By DUKE N. PARRY.

TOKIO. — (International News Service) — "Protection" of Koreans is the latest concern of the Japanese Government. There is some difference of opinion as to the meaning of the word "protection," but, nevertheless, it is filled away in the Rio and in the minutes of the recent Colonial Conference, as a policy whereby the natives of Korea are to be "protected."

A section of the press of Tokio openly admitting that there has been a misuse of words and that the policy adopted was merely one of greater "control" of the actions of Koreans; that the word "protection" should never have been used in the case. Certain it is that the Imperial Japanese Government has become concerned of late over the activities, not only of Koreans in Japan, but of content Koreans who have crossed outside of Korean boundaries, chiefly in southern Siberia and Manchuria, and have been the cause of numerous border fights of more or less important character. These newspaper explain the policy of "protection" adopted for Koreans as one by which the frontier guardians in these sections are to be strengthened.

It is known in Tokio that for several months now the control of malcontent Koreans who have moved outside the borders of the Japanese controlled territory and are able to operate as they please, has formed a subject of much concern to the Japanese Government. Numerous Japanese policemen and soldiers have been killed and wounded; houses have been burned and general disorders have been reported frequently as a result of these malcontents' work.

SIBERIAN CONTROL PROPOSED

One measure suggested as a way of better controlling the malcontents in the areas along the northern Korean borders is a decision to increase the police forces stationed at the Japanese consulates in this area. An agreement with the Chita (Siberian) Government, whereby the Chita Government will exercise control over Koreans in its territories, is also proposed.

Frequent reports that the Korean question has completely cleared and that, as far as Tokio is concerned, there is no longer a Korean question, are simply misstatements of facts. Within the last few weeks a Korean who attempted to assassinate Baron Hatto, Governor-General of Korea, has been sentenced to death for a series of numerous war disturbances have come into Tokio, and frequent conferences regarding future policy have tended to show that the Government is not at all easy about the condition of affairs in Korea.

Thus, as among the decisions of the Colonial Conference, one will be recorded as a policy for "protection" of the Koreans. But the Koreans themselves and numerous observers are going to wait sometime before accepting this benevolent-sounding word as true in its entirety.

INCREASED PAY NOT LOST TO EMPLOYEES OF ENGINEER OFFICE

Protests loud and long were raised upon the head of City Auditor D. L. Rupert Friday night, when the full force and effect of his ruling on pay of city employees for the first half of July became known.

As a result of further investigation certain employees in the city engineers office will manage to draw full pay for the two weeks period. A delegation visited the auditor late Friday and showed him proof that certain raises granted them were in full force and effect prior to July 1.

ATTORNEYS TO ARGUE ROSS CASE TUESDAY

Taking of testimony was concluded Saturday morning in the trial of the case of the State of Ohio against Omer Ross, charged with attack, by consent, upon Margaret Leass, Elida, 15.

The jury was discharged until Tuesday, when arguments of attorneys will be made. Postponement of the case until Tuesday was made, because of the session of the grand jury Monday, the contested divorce case of Dr. DeWitt T. McGriff against his wife, Helen Stone McGriff and of the case of Mary Bockey against John E. Bockey.

The Effects of Opiales.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiales cause changes in the functions and growth of the cells which are likely to become permanent, causing insensibility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying power are a result of dosing with opiales or narcotics to keep children quiet in their infancy. The rule among physicians in that children should never receive opiales in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of Chas. H. Fletcher.

PAY CASH OR PENALTY FOR CITY BUILT WALKS

All property holders for whom the city has constructed walks during the present season will receive statements for the work from the office of City Auditor David L. Rupert, Monday.

Thirty days time will be allowed for the owner to call at the city hall and pay his bill in full. After that all bills will be certified to Lehr E. Miller, county treasurer and will be added to the taxes on the property. The cost of the sidewalk, with interest and a penalty added, will go on the December duplicate.

More than five miles of side walks has been laid by the city during the present spring and summer and contractors have ample work ahead of them until snow flies.

YOUNG society beauty, Marie Murphy, declares Phosphated Iron saved her from a nervous break-down.

"There are few people in the world who have suffered more than I did, but Phosphated Iron has made a clean sweep of all my troubles and right now I never felt so strong and healthy in all my life," said beautiful Marie Murphy of New Windsor, N. Y.

"Ever since a child, I have been subject to nervousness. This brought on indigestion, followed by poor health, until I lost so much weight I was but a shadow of my former self. I had to give up all my social engagements and all my family were afraid I was going to have a nervous break-down."

"No matter what I tried I got no better until I was told of Phosphated Iron, which just seemed to fit my case exactly, and today I am absolutely cured of all nervousness. I enjoy eating everything, sleep sound, and I never seem to tire out. I have gained twenty-one pounds in weight, and it is great to feel so healthy and strong again. I feel so happy. I just want to tell everyone what Phosphated Iron has done for me."

Insist on Phosphated Iron in capsules. Do not take pills or tablets. Sold by leading druggists everywhere.

JACK JOHNSON-WILLS BATTLE IN NEW JERSEY AT THIS TIME WOULD SURELY HURT SQUARED RING GAME

There is no confirmation of reports that Jack Johnson is to box Harry Wills at Jersey City next month. While this would be an affair between two black men and ordinarily would pass unnoticed, an attempt to stage it under existing conditions would be an ill-advised action.

The reformers are taking the New Jersey officials with their heavy guns, and while they probably will not succeed in proving

anything that happened in Jersey City was contrary to the law, still they have made a target of boxing, and promoters should be careful.

Johnson has been released from a Federal prison. For years he was a fugitive from justice. He ran, instead of remaining to fight a charge he claims was a perversion of justice. After wandering over the face of the earth he came back and took his medicine.

Jack Johnson himself is a

harmless sort of person. But he typifies in pugilism the very opposite to Georges Carpentier, who is even now a target for the reformers.

It will be a grave mistake if the former champion is matched to fight any good man in New Jersey within a few weeks after his release from prison. We cannot conceive of any promoter putting on this match. Probably the story has no foundation in fact.

NEW JERSEY BLUES

It seems improbable that the organized reformers who are seeking to prove that the law was violated at Jersey City will get anywhere in their appeals to Jersey peace officers, judges or the State Legislature.

If the reformers went out to get some publicity they have succeeded, but apparently the general public has no sympathy with the effort to harass Dempsey and Carpentier by pressing a far-fetched charge of assault and battery.

The same gentlemen who are now engaged in panning New Jersey officials, from Governor Edwards down, and putting everybody who attended the bout in the criminal class, have long been known for their activities against sporting privileges desired by the masses.

Dr. Wilbur F. Crafts, who resides in Washington, was one of the leaders in the fight against the New York Sunday Baseball

bill at Albany two years ago. Others who now support him in the attack on boxing in New Jersey were active in opposing the passage of the Walker boxing bill in this State.

During the hearings at Albany on the Sunday Baseball bill the reformers offered many arguments which were as far-fetched as the "assault and battery" thing in Jersey. One expert attempted to prove that crowds attending Sunday ball games indi-

cated the moral and physical decline of the nation.

He exhibited charts to show that the average length of life was greater in countries where there were no Sunday privileges than in the United States. He said one reason why Germany lost the war was the decadence of the German people, due partly to their indulgence in Sunday sports and pastimes.

Of such material are some of our sporting reformers woven.

Gibbons' Manager Visits Tex

NEW YORK — (Special) — Eddie Kane, manager for Tom Gibbons, the St. Paul scrapper, blew into town Friday and had a conference with Tex Rickard, which had to do with the suggestion that Gibbons might look pretty good as the next opponent of Georges Carpentier.

No official announcement was forthcoming as to what progress Tex and Eddie made during the confab, but it is believed that Kane submitted the figures he would consider for a little scramble between Thomas and the handsome Georges.

BOB MARTIN BOBS UP

While Gibbons and his manager are flurrying with Rickard, there is another young gentleman anxious to cut in on the scene in the person of Bob Martin. Bob made the ancient Frank Moran stop in seven rounds the other night, and would like to take on the Frenchman.

Georges saw Bob fight with Moran, and there isn't any doubt but what the Deschamps boy would be tickled to death to oblige Mr. Martin.

HERE'S FLYWEIGHT ASPIRANT

Willie Belmont, the New Jersey flyweight, who has been knocking them over with great regularity, is anxious to try his hand against the best boys of his division. Willie is under the management of Phil Campbell, who wants Johnny Buff, or any of the other rough kids to step in and mix it with young Belmont.

Carpentier May Seek Return Bout

NEW YORK — Notwithstanding his defeat by Jack Dempsey in Jersey City on July 2, Georges Carpentier, it is reported in boxing circles here, will seek a return match for the championship, believing that by adopting an open style of battle he may be able to win.

In a statement made at his training camp after the Jersey City match, Carpentier said he would fight any man in the world, excepting Dempsey, but his closest friends now say that he has changed his mind. Georges disobeyed the orders of his advisers and forced the fight with the champion, and therein, it is claimed, he made his biggest mistake.

Should Georges again be matched with Dempsey and the bout held in New York state, where the boxing rules permit 15 rounds to a decision, he might win the championship by outpunching Dempsey. Carpentier's friends believe that he is clever enough to box Dempsey and stay away for 15 rounds.

BIG DAVE PROVES FAR TOO EFFECTIVE

OGDEN, Utah.—Big Dave Davenport, former St. Louis pitcher, was released today by the Ogden team of the Northern Utah league because teams contended he was too good for the league. Davenport pitched seven full games and won all for Ogden. He pitched one no hit game, one one hit game, and one three hit game. His strikeout record averaged sixteen men to a game. Davenport says he will pitch for the Casper, Wyo., team of the Midwest league.

Reformers Would Repeal Jersey Law

CAMDEN, N. J. — An organization of churchmen pledged to wage an intensive campaign for repeal of the state boxing law, opened headquarters here today.

The Rev. Wilbur F. Crafts, who, as superintendent of the International Reform Bureau, attempted to have the Dempsey-Carpentier bout stopped by injunction, is leader of the movement.

The campaigners plan to follow the same course that resulted in betting at race tracks in New Jersey being prohibited some years ago. They announced that legislative candidates would be asked to pledge themselves to vote for repeal of the boxing law.

All public boxing matches would be prohibited in New Jersey under Mr. Crafts' program.

Indians Drop It

CLEVELAND — In another hurley-battle, Friday afternoon here, Boston Red Sox bested the world's champions by a 3 to 2 score. Steve O'Neill, Cleveland catcher, who has been out of the game for some weeks, again donned the spangles and went in as a pinch hitter. Pennington's hand was injured when he tried to stop a line drive off Joey Sewell's bat.

The score:
Boston . . . 2 0 0 0 1 0 0 0 — 3 8
Cleveland . . . 0 0 0 1 0 0 0 1 — 2 9
Batteries: Pennington, Russell and Ruel; Sotheron, Mails and Nunamaker.

Knepper Matched Against Champion

CHICAGO — R. E. Knepper of Sioux City, Iowa, champion and Princeton student, today contested the western amateur golf title with Chick Evans, five times winner of the honor, twice national amateur golf premier and once national open champion, over 36 holes at the Westmoreland Country Club.

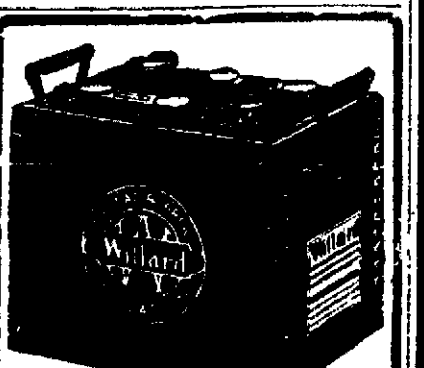

Knepper won his way to the finals by defeating George Hartman, a Chicago public links golfer, 3 and 2 in the 36 hole semi-finals yesterday, while Evans was disposing of Harrison Johnstone of St. Paul, 5 and 4. Excellent golf has been played all week by both finalists, Knepper having tied with Johnston for low medal score in the qualifying round with 14, while Evers had 151.

What's Become Of The Lively Ball?

NEW YORK — Only one American League team — New York — was able to score more than three runs yesterday while three games were decided by 3 to 2 scores. For the third time this season all the National League contests were postponed.

A triple play was executed by the Chicago Americans against Washington. With men on first and second bases, First Baseman Sheely caught Erickson's long drive, touched first, doubling O'Rourke, and threw to Shortstop Johnson, who touched second for the third out before Garhart could regain the base.

Catcher O'Neill of Cleveland and Shortstop Gerber of St. Louis, who had been out of the game because of injuries, played yesterday. The Indians' catcher went in as a pinch hitter.

Omaha Nag Captures Feature

TOLEDO — (Special) — The Omaha gelding Hal Mahone won the feature race of the closing program of the Grand Circuit at Ft. Miami Park Friday, the \$5,000 stake for 2:03 pacers. The event was raced over a track which was not fast, owing to the storm of yesterday, but there was some speed shown for fractions of the mile in each of the three heats, the last half in the second heat being paced in 9:58 1/2. There was also a big upset in the 2:13 pace, in which Lord Busby was beaten, and the judges handed out some penalties which had been pending during the week.

In the auctions on the fast pace Hal Mahone sold for \$250, June \$200, Jay Brook \$40, John Henry \$30 and the field \$35. Hal Mahone took the overland route in the first heat and just fell short of nipping Red Lancelot at the wire. Chids got the little gelding away flying in the next two heats, took the track and was not headed, although all out to beat John Henry, which had broken in the first two heats, in the final.

LORD BUSBY UNSTEADY

Lord Busby, a top-heavy favorite for the 2:13 pace, was unsteady, and after Baby Ginter won the first heat the four-year-old filly Julia M. Direct came on and won, taking a record of 2:04 1/4 in the final mile. The Great Miss Morris, which won here on the opening day, came back and made it two by beating the 2:20 trotters in straight heats, giving Walter Cox three winning races for the week. The two-year-olds were a cheap lot, the favorite, Good Watts, finally winning in slow time, after losing the first heat. Neva Brooks was easily the best in the 2:15 trot.

The judges announced that J. L. Dodge had been fined \$500 for improper driving with Great Britain in the third heat of the 2:08 trot Thursday and Sep Palin was fined \$100 for laying up the first heat of the 2:08 pace on Tuesday.

The major part of the horses are being shipped to Kalamazoo, where the Grand Circuit meeting opens on Monday.

French Net Star In Metro Tourney

NEW YORK — Mile. Suzanne Lenglen, the famous French woman tennis player, who is coming to this country this month, probably will make her first appearance on American courts in the Woman's metropolitan championship tournament, which opens at the Nassau Country Club, Glen Cove, Long Island on August 1.

The general run of American women players will prove, tennis experts believe, easy opponents for Mile. Lenglen. They regard Mrs. Thomas Bundy, nee May Sutton, and Miss Mary Brown of California, former national champions as opponents worthy of the French girl's mettle.

All Ready For Black Sox Trial

CHICAGO, Ill. — (Special) — The jury to try seven former White Sox players and four alleged gamblers caused in the 1919 world's series scandal was completed late Friday afternoon. Judge Friend then adjourned court until Monday.

It was intimated today that Attorney Henry A. Berger, of the defense, will attempt to show at the trial next week that the ill feeling existing between an Johnson, president of the American League, and Charles A. Comiskey, owner of the White Sox, was one of the motives behind the prosecution. A lively tilt is expected between attorneys for the prosecution and the defense when the latter endeavor to have Judge K. M. Landis, baseball arbiter, barred from the courtroom because of his possible influence on the jury.

MAGNETS CALLED

Among the prominent witnesses who, it is said, will be in court Monday are George M. Cohan, Muggsy McGraw, Mr. Comiskey, Mr. Johnson, Kid Gleason, the loyal White Sox and the Cincinnati Red team. The trial will last three or four weeks, according to Prosecutor George E. Gorman.

Private detectives were working in the corridors outside the courtroom today. Attorneys for both sides admitted the detectives were there, but each side refused to admit employing them. The matter came out when one of the attorneys for the state asked a prospective juror:

"Would the fact that there are detectives out in the corridor working for the defendants influence you?"

"They are Pinkerton men, working for the state," retorted Attorney Nash for the defense.

"They don't belong to us," retorted Attorney Gorman. "We didn't get any in the. We should have had them before the 1919 series."

Jinx's Gone

CHICAGO — Dick Kerr, White Sox southpaw, it today that his "extra inning" had finally left him. Kerr, who was the pitching hero in the Sox's attempt to win the 1919 world series, won yesterday the first of his game he had pitched since coming to the American League three years ago. The Sox defeated Washington, 3 to 2, in eleven innings.

BATS FIVE TIMES; HITS FIVE HOMERS

EVELETH, Minn. — First Baseman Daubert, of the local team of the Mesaba Iron Range League, is believed to have set a new record by hitting five home runs in as many times at bat in a game with the Virginia team here yesterday. His last home run came in the tenth inning with two men on bases and brought victory for Eveleth, nine to six. The five circuit drives were made off Pitcher Dumont, formerly of the Washington American League team.

Greb-Moran Fight Is Declared Off

PITTSBURGH, Pa. — A bout with Harry Greb, of Pittsburgh as one of the opponents, scheduled to be held here next Monday night, has been called off, it was announced today. Greb and Frank Moran were to have been the principals originally, but after the latter was knocked out by Martin, the A. E. F. champion, recently, a substitute was sought. As none was found, the promoters called off the match.

OGDEN, Utah.—Big Dave Davenport, former St. Louis pitcher, was released today by the Ogden team of the Northern Utah league because teams contended he was too good for the league. Davenport pitched seven full games and won all for Ogden. He pitched one no hit game, one one hit game, and one three hit game. His strictest record averaged sixteen men to a game. Davenport says he will pitch for the Casper, Wyo., team of the Midwest league.

Reformers Would Repeal Jersey Law

CAMDEN, N. J. — An organization of churchmen pledged to wage an intensive campaign for repeal of the state boxing law, opened headquarters here today.

The Rev. Wilbur F. Crafts, who is superintendent of the International Reform Bureau, attempted to have the Dempsey-Carpentier bout stopped by injunction, is leader of the movement.

The campaigners plan to follow the same course that resulted in betting at race tracks in New Jersey being prohibited some years ago. They announced that legislative candidates would be asked to pledge themselves to vote for repeal of the boxing law.

All public boxing matches would be prohibited in New Jersey under Mr. Crafts' program.

Indians Drop It

CLEVELAND — In another hurler's battle, Friday afternoon here, Boston Red Sox bested the world's champions by a 3 to 2 score. Steve O'Neill, Cleveland catcher, who has been out of the game for some weeks, again donned the spangles and went in as a pinch hitter. Pennock's hand was injured when he tried to stop a line drive off Joey Sewell's bat.

The score:

Boston . . . 2 0 0 0 1 0 0 0 — 3 8 0
Cleveland . . . 0 0 0 1 0 0 0 1 — 2 3 1

Batteries: Pennock, Russell and Ruel; Sothoron, Mails and Nunnaker.

Knepper Matched Against Champion

CHICAGO — R. E. Knepper of Sioux City, Iowa, champion and Princeton student, today contested the western amateur golf title with Chick Evans, five times winner of the honor, twice national amateur golf premier and once national open champion, over 36 holes at the Westmoreland Country Club.

Knepper won his way to the finals by defeating George Hartman, a Chicago public links golfer, 3 and 2 in the 36 hole semi-finals yesterday, while Evans was disposing of Harrison Johnstone of St. Paul, 5 and 4. Excellent golf has been played all week by both finalists, Knepper having tied with Johnson for low medal score in the qualifying round with 14, while Evans had 151.

What's Become Of The Lively Ball?

NEW YORK — Only one American League team — New York — was able to score more than three runs yesterday while three games were decided by 3 to 2 scores. For the third time this season all the National League contests were postponed.

A triple play was executed by the Chicago Americans against Washington. With men on first and second bases, First Baseman Sheely caught Erickson's long drive, touched first, doubling O'Rourke, and threw to Shortstop Johnson who touched second for the third out before Charley could regain the base.

Catcher O'Neill of Cleveland and Shortstop Gerber of St. Louis, who had been out of the game because of injuries, played yesterday. The Indians' catcher went in as a pinch hitter.

ould Georges again be matched Dempsey and the bout held in New York state, where the boxing permit 15 rounds to a decision, right win the championship by beating Dempsey. Carpentier's is believe that he is clever enough to box Dempsey and stay for 15 rounds.

Omaha Nag Captures Feature

TOLEDO — (Special) — The Omaha gelding Hal Mahone won the feature race of the closing program of the Grand Circuit at Ft. Miami Park Friday, the \$5,000 stake for 2:05 pacers. The event was raced over a track which was not fast, owing to the storm of yesterday, but there was some speed shown for fractions of the mile in each of the three heats, the last half in the second heat being paced in 0:58 1/2. There was also a big upset in the 2:13 pace, in which Lord Busby was beaten, and the judges handed out some penalties which had been pending during the week.

In the auctions on the fast pace Hal Mahone sold for \$250, June \$200, Jay Brook \$40, John Henry \$30 and the field \$35. Hal Mahone took the overland route in the first heat, and just fell short of nipping Red Lancet at the wire. Childs got the little gelding away flying in the next two heats, took the track and was not headed, although all out to beat John Henry, which had broken in the first two heats, in the final.

LORD BUSBY UNSTEADY

Lord Busby, a top-heavy favorite for the 2:13 pace, was unsteady, and after Baby Clatter won the first heat the four-year-old filly Julia M. Direct came on and won, taking a record of 2:04 1/2 in the final mile. The Great Miss Morris, which won here on the opening day, came back and made it two by beating the 2:20 trotters in straight heats, giving Walter Cox three winning races for the week. The two-year-olds were a cheap lot, the favorite, Good Wattle, finally winning in slow time after losing the first heat. Nova Brooks was easily the best in the 2:15 trot.

The judges announced that J. L. Dodge had been fined \$500 for improper driving with Great Britain in the third heat of the 2:08 trot Thursday and Sep Palin was fined \$100 for laying up the first heat of the 2:08 pace on Tuesday.

The major part of the horses are being shipped to Kalamazoo, where the Grand Circuit meeting opens on Monday.

French Net Star In Metro Tourney

NEW YORK — Mile. Suzanne Lenglen, the famous French woman tennis player, who is coming to this country this month, probably will make her first appearance on American courts in the Woman's metropolitan championship tournament, which opens at the Nassau Country Club, Glen Cove, Long Island on August 1.

The general run of American women players will prove, tennis experts believe, easy opponents for Mile. Lenglen. They regard Mrs. Thomas Bundy, nee May Sutton, and Miss Mary Brown of California, former national champions as opponents worthy of the French girl's mettle.

O'Hare vs. Keller

COLUMBUS, O. — Eddie O'Hare, New York heavyweight and recent sparring partner of Champion Jack Dempsey, has been matched to meet Terry Keller in a 12 round bout here next Thursday night, it was announced today.

All Ready For Black Sox Trial

CHICAGO, Ill.—(Special) — The jury to try seven former White Sox players and four alleged gamblers accused in the 1919 world's series scandal was completed late Friday afternoon. Judge Friend then adjourned court until Monday.

It was intimated today that Attorney Henry A. Barker, of the defense, will attempt to show at the trial next week that the ill feeling existing between Ben Johnson, president of the American League, and Charles A. Comiskey, owner of the White Sox, was one of the motives behind the prosecution. A lively tilt is expected between attorneys for the prosecution and the defense when the latter endeavor to have Judge K. M. Landis, baseball arbiter, barred from the courtroom because of his possible influence on the jury.

MAGNATES CALLED

Among the prominent witnesses who, it is said, will be in court Monday are George M. Cohan, Muggsy McGraw, Mr. Comiskey, Mr. Johnson, Kid Gleason, the loyal White Sox and the Cincinnati Red team. The trial will last three or four weeks, according to Prosecutor George E. Gorman.

Private detectives were working in the corridors outside the courtroom today. Attorneys for both sides admitted the detectives were there, but each side refused to admit employing them. The matter came out when one of the attorneys for the state asked a prospective juror:

"Would the fact that there are detectives out in the corridor working for the defendants influence you?"

"They are Pinkerton men, working for the state," shouted Attorney Nash for the defense.

"They don't belong to us," retorted Attorney Gorman. "We didn't get any in time. We should have had them before the 1919 series."

Jinx Is Gone

CHICAGO — Dick Kerr, White Sox southpaw, felt today that his "extra inning jinx" had finally left him. Kerr, who was the pitching hero in the Sox's vain attempt to win the 1919 world's series, won yesterday the first extra inning game he had pitched since coming to the American League three years ago. The Sox defeated Washington, 3 to 2, in eleven innings.

BATS FIVE TIMES; HITS FIVE HOMERS

EVELETH, Minn. — First Baseman Daubert, of the local team of the Mesaba Iron Range League, is believed to have set a new record by hitting five home runs in as many times at bat in a game with the Virginia team here yesterday. His last home run came in the tenth inning with two men on bases and brought victory for Eveleth, nine to six. The five circuit drives were made off Pitcher Dumont, formerly of the Washington American League team.

Greb-Moran Fight Is Declared Off

PITTSBURGH, Pa.—A bout with Harry Greb, of Pittsburgh as one of the opponents, scheduled to be held here next Monday night, has been called off, it was announced today. Greb and Frank Moran were to have been the principals originally, but after the latter was knocked out by Martin, the A. E. F. champion, recently, a substitute was sought. As none was found, the promoters called off the match.

CAN YOU SWIM?

SAVE when it is white and turbulent, or glassy smooth and swift with dark eddies, water wears a pleasing aspect and calls us in a friendly manner, the Portland Oregonian says. And that is why, doubtless, so many persons yield up their lives to an unregarded peril. For any lake or stream, however placid and pleasant, is in its depths a deathtrap for the unwary. When summer comes to the country, and folks refuse the town for the favor of the country scenes, scarcely a week passes without its drowning. Example does not teach caution when the lure of the water whispers of coolness and delight. Rather and canoeist alike assume the hazard once too often and the water wins its tragic forfeit.

Now the obvious lesson to be derived from these fatalities is that all should learn to swim, or at least that those who cannot swim, and with competence, should avoid the risk attendant on water sports. There is in Portland, we are reminded, a seven-year-old girl who wears in juvenile pride the lettered badge: "I swim one mile." So we perceive that it is not at all a question of thews and stamina, but rather one of experience—to be mastered by children—something when it is learned almost as natural as walking. There are few adults, however, who can swim a mile, and many to whom only a yard or so of deep water means disaster. These folk, utterly unlearned in swimming, or equal only to a few clumsy strokes, furnish by far the larger proportion of fatalities.

One may well inquire whence comes this foolish serenity that sends canoeists, unable to swim, blithely forth to their favorite sport, or urges unskilled swimmers beyond their depth. Folk who would pale at ordinary peril, such as a careless lout with a loaded rifle, or a car driven too rapidly, laugh light heartedly as they dare the far more deadly dangers of drowning, not only participating themselves, but urging others to assume it.

The conclusion is not to be dodged that there is danger enough for the seasoned swimmer in water sports, in the element of risk that is ever present, without others engaging to pilot canoes or experiment at bathing in treacherous depths.

PEBBLES ON THE SHORE

HUMANITY for untold centuries has been playing with the pebbles on the hither shore of the illimitable sea of knowledge, says the Cincinnati Enquirer. Successive philosophies have risen to influence the lives of mortals since first man began to think. The science of yesterday has left us little of value to the science of today, and the science of today must give place to the revelations of tomorrow.

Even principles which have been regarded as fixed, immutable, give way before the ceaseless labors of the investigator. Comes Einstein with his startling discovery. It is too early as yet to determine its value or its influence upon accepted principles.

Now a more amazing discovery is announced. Dr. Charles Russ, eminent British bacteriologist, claims the discovery of an active principle in the ray of the human eye, operative in the act of vision. The interest of the scientific world in this latest penetration into the mysteries of organic being naturally is intense.

The reaction of this radical force of the eye, it is said, has been demonstrated thru the employment of an instrument of almost incalculable delicacy, the result of years of experimentation.

What about it? Well, if the doctor proves his case there is so much about it that it will revolutionize the formulae of the physicists in many respects, set beacon lights before the vision of the pathologists and render natural much of the phenomena claimed by the psychologists to evidence the truth of the supernatural.

In this connection it is interesting also to note that a San Francisco surgeon claims to have proved thru the use of the all-seeing camera that the human body has its counterpart in ether. The claim of persons who had lost a limb that they could feel pain in the missing member exists in etheric entity. And yet there is nothing spiritualistic about the matter. It merely is a biologic experiment based on the theory of etheric doubles.

Verily we long have been playing with pebbles on the shore of the sea of knowledge.

THE LOVE OF A CHAMPION

THE American people love a champion. In racing, prize fighting and baseball they are not immensely interested in the sport alone, or they would not be, if the element of the champion did not constantly enter, the Toledo Blade observes.

When ninety thousand intense and excited men and women gathered in a great arena in Jersey City the other day, their presence did not attest their love of the sport of boxing. They came because here fought the "best in the world." The psychology of championship drew the throng.

When Sir Barton and Man O' War raced last year at Windsor the most of the twenty-two thousand who filled the stands and lined the tracks were thrillingly interested in the story of a great race horse, the wonder runner of the age. They were but moderately concerned with the sport of horse racing. They were somewhat more concerned with the

gambling angle. Most of all they were dominated by the psychology of championship.

This is all less true as to baseball and yet it has a heavy bearing on the best loved of all sports. In season after season individual stars are picked out by the followers of the game and become the center of championship adulation. Today it is Babe Ruth and his home runs. Yesterday it was Ty Cobb and his marvelous base stealing. The year before that it was Walter Johnson, the pitching king, and his strike-outs and no-hit games. Fashions in baseball change as well as stars. While it is the home-run that merits the plaudits of the legion this season, it may be some other phase of the national game next year. The reason is always the skill, the genius of a man. We love home runs this year because of Ruth. We will love something else just as dearly next year because of somebody else. Always there is the human element of championship.

There has been criticism of the so-called commercialism of baseball which involves the selling of stars and other players from one club to another. The love of the fans for sensational performance, for starriness and stars, promotes this, makes it necessary, makes it inevitable. Teams must be kept somewhere near an equality else the keen race for the same old championship languishes. Trading tends to bring about this equality.

Sport is only sport so long as we can pick out humans.

NEED OF SWIMMING POOLS

ONE of the crying needs of Lima, in behalf of the youth of the city, is one or more places where the children may have free access to pools of clear, pure water; for bathing purposes during the summer season. All red-blooded kiddies find it an almost inherent desire to seek a swimming place when the heated period comes.

As the city has increased in population and the number of children has grown, the need of places where the little folks may enjoy a cool dip whenever the notion makes itself manifest, is becoming more and more apparent. With Ottawa river polluted to the extent that it is almost a cess pool, that stream is out of the question. Use of the water works reservoirs, of course, cannot be permitted and there is no large lake in or near the city that is available to the children, for free use.

On various occasions there has been brought to the fore propositions for the establishment of bathing pools in the city parks, but nothing along that line has been accomplished. The desire for places to "go swimmin'" has become so general that delegations of boys are seeking to "start something," somehow, somewhere.

Every city owes it to its youth to provide municipal bathing pools. Lima has been remiss in this respect. It is probably too late to accomplish anything along that line this season, but there are other summers coming and there will be hundreds and thousands of kiddies imbued with the same desires. A movement started this summer or fall and continued thru the winter, would be productive of results before another summer season is upon us, without a doubt.

Here is an opportunity for philanthropic citizens of Lima to erect for themselves an enduring monument, in providing a place for the pleasure and physical development of the youth.

Reformers are now on the rampage.
Regarding what women shall wear
Long sleeves, they say, must be the fashion
And skirts must reach down to somewhere
Good-bye to the low-necks forever.

WHAT THE STARS PREDICT

The early hours of this day are lucky.

Merchants may suffer losses during the next few months; only sales made before noon on this day are governed by kindly stars.

It is predicted that there will be keener competition than ever before among women who seek political appointments.

Under this rule of the stars, the signing of leases should result happily for the parties most concerned.

This is a favorable time in which to make plans for the future.

Persons whose birthday this is should avoid speculation during the coming year and should make no changes that are not absolutely necessary.

Children born on this day will have at least two distinct talents but may be restless that they will never fully profit by their own ability.

Pinkham's Vegetable Compound advertised and had heard several women talk of it, so mother got me some. This Vegetable Compound is wonderful and it helped me very much so that during my periods I am not now sick or drowsy. I have told many girls about your medicine and would be glad to help anyone who is troubled with similar ailments. You may use my testimonial as you like."—STELLA LINXWILER, 6 Second St., Evansville, Indiana.

Some girls lead lives of luxury, while others toil for their livelihood, but all are subject to the same physical laws and suffer in proportion to their violation. When such symptoms develop as irregularities, headaches, backaches, bearing-down sensations and "the blues," girls should profit by Miss Linxwiler's experience and give Lydia E. Pinkham's Vegetable Compound a trial.

Evansville, Ind.—"I am eighteen years old and have been bothered for several months with irregular periods. Every month my back would ache and I always had a cold and felt drowsy and sleepy. I work in a millinery shop and I want to work every day, but felt stupid and would have such cramps. I had seen Lydia E. Pinkham's Vegetable Compound advertised and had heard several women talk of it, so mother got me some. This Vegetable Compound is wonderful and it helped me very much so that during my periods I am not now sick or drowsy. Why Do Your Friends and Neighbors Express Their Preference For—

BUCKEYE MALT EXTRACT

Because they know it is old and reliable. They know it is distinctive. They know it is the best quality. They know it offers the most quantity. Unexcelled for baking and home use.

"Millions Now Living Will Never Die"

2 p. m. By J. J. COOCH 2 p. m.

Sunday, July, 17th

MORRIS ARCADE HALL

Many have hoped for a time when the curse of death would be removed.

Are you one of them?

Come and let us assure you that the scriptures tell us that your hope is to be realized in the near future.
